

Sampling accessories

A range of high quality sampling accessories for use with bailers and passive samplers

Well Caps

Filters & Flow Cells

Reels & Cable

Weights

Gloves & Decon

Features

- Professional quality products
- Tried and tested in the field
- Competitively priced
- Products designed to improve efficiency and make light work of routine field tasks

Well Slugs

Sampling accessories

Ordering information and specification

	<p>WELL CAPS, PLUGS AND CRADLES Torquer well plugs Simple, easy to use well plugs available in 11 sizes to seal boreholes with IDs from 13 to 125 mm. Can be vented for use with dataloggers and other pressure sensitive equipment.</p> <p>EnviroCap Flush-fit, well plugs with unique magnetic lock and universal key. Two sizes available. Can be vented. Good option for flush-fitted installations.</p>	<p>Torquer Well Plugs TQ-200 – 2 inch ID (49 to 60mm) TQ-400 – 4 inch ID (95 to 113 mm) <i>9 other sizes available from 13 to 125 mm ID</i></p> <p>EnviroCap Locking Well Caps S3001/SWH2 – Locking Well Cap - 48mm (2 inch) S3001/WHKey – Locking Well Cap Key</p>
	<p>FILTERS AND FLOW CELLS Disposable filters FHT-45 Waterra disposable microfilters for use with pumps and bailers. Provides instantly filtered water samples to 0.45µm. Primarily used for collection of samples for dissolved metals analysis.</p> <p>Sheffield LFC Flow Through Cell The Sheffield LFC flow through cell enables high quality field measurements using probes where air contact with the sample has to be avoided.</p>	<p>In-Line Disposable Filters FHT-45 – FHT-45 Disposable In-Line Cartridge Filter (with built-in tapered tubing coupling).</p> <p>Sheffield LFC Flow-Through Cell SLF - 6 CellKit – Sheffield LFC Cell (Standard 6 cell kit with 8 mixed diameter bungs and tubing connections)</p>
	<p>CABLE, CORD AND REELS Manual reels for cable A simple high impact hand reel avoids unsightly and dangerous trailing of cord on the ground during use. Holds up to 100m of cord or cable (supplied separately).</p> <p>Suspension cord and cable For lifting or suspension of equipment in boreholes.</p> <p>Polyester cord Inexpensive and disposable. 3.5mm dia. on 50m or 300m spools.</p> <p>Stainless steel cable Non-stretch, durable and secure. 3mm dia. on 100m spool. Grips also available.</p> <p>Kevlar cord (an alternative to stainless steel) Non-stretch, durable and chemically resistant. 2mm dia. on 100m spool. An alternative to stainless steel.</p>	<p>Manual Reels for Cable ERL-110 – Hand Reel with removable spool ERL-111 – Extra spool for hand reel</p> <p>Polyester Cord (3.5mm dia) BC/K35-300 – Polyester Cord (300m) BC/K35-50 – Polyester Cord (50m)</p> <p>Stainless Steel Cable (3mm dia) S3001/SC1002 – SS cable (100m) S3001/RG1002 – SS Rope Grip (10 Pack) S3001/RG1003P – SS Rope Grip (5 Pack)</p> <p>Kevlar Cord (2mm dia) KC-100 – Kevlar Cord (100m)</p>
	<p>WEIGHTS Stainless steel weights Waterra's versatile selection of 316 stainless steel weights for attachment to suspension cord or cable or to products such as the Hydrasleeve or Equilibrator.</p> <p>Ring weights For threading onto cable or cord and for adding a top-weight to devices such as double-valve bailers.</p> <p>Weights with eyebolts Screw-in eyebolts with split rings allows weights to be suspended from sampling devices such as Passive Samplers. <i>See separate data sheet for further details.</i></p>	<p>Stainless Steel suspension weights (35 mm dia) with Eyebolts and split rings EWT-150R – SS Weight 175g EWT-250 – SS Weight 275g EWT-500R – SS Weight 525g EWT-EYE – SS Eyebolt EWT-RING – SS Split Ring</p> <p>Stainless Steel ring weights (35mm dia) with 5mm centre holes EWT-150 – SS Weight 150g EWT-250 – SS Weight 250g EWT-500 – SS Weight 500g</p>
	<p>GLOVES AND DECON Disposable gloves Powder free tough nitrile disposable gloves. Latex free, non-allergenic. Superior abrasion and puncture resistance and excellent resistance to oils, fats, grease and other chemicals. Box contains 100 gloves (50 pairs).</p> <p>Decon 90 For cleaning and decontaminating sampling equipment. In 5 litre containers.</p>	<p>Disposable Nitrile Gloves GL-LARGE – Gloves 100 per box GL-MEDIUM – Gloves 100 per box</p> <p>Decon 90 DC90-05 – Decon 90 Cleaning Solution (5 litres)</p>
	<p>WELL SLUGS 3-part well slugs Waterra 3 part well slugs for permeability slug testing in 50 or 100mm diameter monitoring boreholes. Use with Levelloggers for best results.</p>	<p>3 Part Delrin Well Slugs SLG-50 – 36mm diameter well slug SLG-100 – 75mm diameter well slug</p>
